11/16/2017	Web submission	Steve Mutek, City of Bremerton	<p>Has recently reviewed increases for the operating permit for the Harborside Spray Park:</p> <ul style="list-style-type: none"> <li>○ States the reason is unclear.</li> <li>○ Asks if KPHD will be conducting additional work or more frequent inspections of park.</li> </ul>	Yes	See below
11/16/2017	Web submission	Jeff Elevado, City of Bremerton	<p><i>"We find the proposed increase to the Water Contact Facility inspection fees to be inconsistent with the level of service provided. For a seasonally operated facility our experience has been that KPHD will provide one (1) site visit and inspection. The duration of this site visit is typically less than one (1) hour. When considering travel and overhead, we can accept a 2-3 hour charge. Based on what KCHD proposes for an hourly fee for 2018 (\$130) that would equate to a fee of less than \$400. The proposed rate for 2018 of \$683 (a \$232 increase over 2017) represents a more than 50% increase and nearly \$230 per hour charge."</i></p>	Yes	Jim Zimny responded in writing with information about the required number of inspection for water recreation facilities.
