### Fisher Distinctive Dentistry awarded EnviroStars certification

KITSAP COUNTY, WA—Fisher Distinctive Dentistry has qualified as a 4-star EnviroStars-certified business. The EnviroStars program recognizes businesses for reducing the use of hazardous chemicals and properly managing their hazardous waste.

Fisher Distinctive Dentistry, owned by Dr. Devin Fisher, DDS, and her husband Dr. Zack Bergevin, DDS, has been serving the Kitsap community since 1987. The practice is located at 2021 SE Sedgwick Road, Suite 3, in Port Orchard. They believe that a warm smile is the universal language of kindness and that all patients should be treated with dignity, care, and respect.

Fisher Distinctive Dentistry provides comprehensive dentistry for adults, teens, and children. They eliminate hazardous waste by utilizing digital x-rays, by eliminating use of amalgam metal restorations, and use a steam autoclave instead of chemiclave to sterilize instruments. They believe in contributing to a healthier community in which they work and live and also give back through the adopt-a-road clean-up program.
