

# Kitsap County Covid-19 Testing Providers

Updated May 17, 2022

**People who need testing should first contact their regular health care providers.**

The facilities in the list below have reported that they provide COVID-19 tests. Please call or visit their websites for more information on the type(s) they have available and any other questions you may have. **If you are seeking a COVID-19 test for travel or employment**, please confirm the type of test needed with your airline or employer. Also confirm with the testing facility that they are currently testing those who are not close contact or symptomatic.

**For more information on different COVID-19 test types** please click [here](#). If you are a health care provider and you have questions about this list or would like to request a change, please email [pio@kitsapublichealth.org](mailto:pio@kitsapublichealth.org).

Please do not go to St. Michaels Medical Center Emergency Department or any other Emergency Department for routine Covid-19 testing.
