KITSAP PUBLIC HEALTH DISTRICT
2018 – 2020 CONSOLIDATED CONTRACT

CONTRACT NUMBER: CLH18248

AMENDMENT NUMBER: 1

PURPOSE OF CHANGE: To amend this contract between the DEPARTMENT OF HEALTH hereinafter referred to as “DOH”, and KITSAP PUBLIC HEALTH DISTRICT hereinafter referred to as “LHJ”, pursuant to the Modifications/Waivers clause, and to make necessary changes within the scope of this contract and any subsequent amendments thereto.

IT IS MUTUALLY AGREED: That the contract is hereby amended as follows:

1. Exhibit A Statements of Work, attached and incorporated by this reference, are amended as follows:
   - Adds Statements of Work for the following programs:
     - BEACH Program - Effective March 1, 2018
     - Childhood Lead Poisoning Prevention Program - Effective January 1, 2018
     - NEP BEACH Program - Effective March 1, 2018
   - Amends Statements of Work for the following programs:
     - P-TCPI Regional Care Coordination Project - Effective January 1, 2018
   - Deletes Statements of Work for the following programs:

2. Exhibit B-1 Allocations, attached and incorporated by this reference, amends and replaces Exhibit B Allocations as follows:
   - Increase of $63,239 for a revised maximum consideration of $1,416,297.
   - Decrease of ____ for a revised maximum consideration of ____.
   - No change in the maximum consideration of ____.

   Exhibit B Allocations are attached only for informational purposes.

3. Exhibit C-1 Schedule of Federal Awards, attached and incorporated by this reference, amends and replaces Exhibit C. Unless designated otherwise herein, the effective date of this amendment is the date of execution.

   ALL OTHER TERMS AND CONDITIONS of the original contract and any subsequent amendments remain in full force and effect.

IN WITNESS WHEREOF, the undersigned has affixed his/her signature in execution thereof.

KITSAP PUBLIC HEALTH DISTRICT

*For Information Only:
Funding is not tied to the revised Standards/Measures listed here. This information may be helpful in discussions of how program activities might contribute to meeting a Standard/Measure. More detail on these and/or other Public Health Accreditation Board (PHAB) Standards/Measures that may apply can be found at: [http://www.phaboard.org/wp-content/uploads/PHAB-Standards-and-Measures-Version-1.0.pdf](http://www.phaboard.org/wp-content/uploads/PHAB-Standards-and-Measures-Version-1.0.pdf)

**Program Specific Requirements/Narrative**

The funds for this project are being provided by an Environmental Protection Agency (EPA) grant, Agreement Number CU-00J75501-1, Catalog of Federal Domestic Assistance Number 66.472 – Beach Monitoring and Notification Program Implementation Grants.

**Special Requirements**

**Federal Funding Accountability and Transparency Act (FFATA)**

This statement of work is supported by federal funds that require compliance with the Federal Funding Accountability and Transparency Act (FFATA or the Transparency Act). The purpose of the Transparency Act is to make information available online so the public can see how the federal funds are spent.

To comply with this act and be eligible to perform the activities in this statement of work, the LHJ must have a Data Universal Numbering System (DUNS®) number.

Information about the LHJ and this statement of work will be made available on [USA Spending.gov](https://www.usaspending.gov) by DOH as required by P.L. 109-282.

**Program Manual, Handbook, Policy References**

Exhibit A, Statements of Work
Revised as of January 16, 2018
DOH Program Name or Title: Childhood Lead Poisoning Prevention Program - Effective January 1, 2018

Local Health Jurisdiction Name: Kitsap Public Health District

Contract Term: 2018-2020

SOW Type: Original

Revision # (for this SOW)

Period of Performance: January 1, 2018 through June 30, 2018

Statement of Work Purpose: The purpose of this statement of work is to support local interventions with the case management of elevated blood lead levels in children 14 years of age and younger. The focus of this program in 2018 is to build local capacity statewide to provide standard case management services to all children with elevated blood lead levels.

Revision Purpose: N/A

Task Number 1

Task/Activity/Description: Contact the provider to gather complete information on the assigned elevated blood lead case to conduct an environmental assessment

\[ a) \text{ Verify the blood lead level (BLL) is confirmed. Reference Centers for Disease Control and Prevention's (CDC's) confirmed case definition: } \text{https://wwwn.cdc.gov/nndss/conditions/lead-elevated-blood-levels/case-definition/2016/} \]

\[ b) \text{ Call family and schedule a home visit} \]

\[ c) \text{ Visit the child's residence (or other sites where the child spends significant amounts of time) at least once} \]

\[ d) \text{ Interview the caregivers using the Child Blood Lead Investigation Form and conduct an environmental assessment to identify factors that may impact the child's blood lead level} \]

May Support PHAB Standards/Measures: Child Blood Lead Investigation Form

Deliverables/Outcomes: Submit the completed Child Blood Lead Investigation Form available through WA DOH indicating:

\[ a) \text{ Confirmed BLL} \]

\[ b) \text{ Date LHJ contacted the family} \]

\[ c) \text{ Date the environmental assessment was completed} \]

\[ d) \text{ Date the interview was completed} \]

\[ e) \text{ Specify if the home is Section 8 or HUD Housing and if the child is Medicaid enrolled} \]

Due Date/Time Frame: Monthly, by the 30th of the following month

Payment Information and/or Amount: $500 per home visit, up to two (2) home visits per child

Program Specific Requirements/Narrative

Special References (RCWs, WACs, etc)
Laboratories are required to report to the Department of Health all Blood Lead test results (WAC 246-101-201). Elevated results (≥5 mcg/dL) must be reported within 2 days; non-elevated results ≤5 mcg/dL need to be reported within one month.

Monitoring Visits (frequency, type)
Telephone calls with contract manager at least once every quarter.

Definitions
BLL- Blood Lead Level
EBLL- Elevated Blood Lead Level
PEHSU- Pediatric Environmental Health Specialty Units

Special Billing Requirements
Payment is contingent upon DOH receipt and approval of all deliverables and an acceptable written report to include a plan of care. Payment to completely expend the "Total Consideration" for a specific funding period will not be processed until all deliverables are accepted and approved by DOH. Invoices must be submitted monthly by the 30th of each month following the month in which the expenditures were incurred and must be based on actual allowable program costs. Billing for services on a monthly fraction of the "Total Consideration" will not be accepted or approved.

**Special Requirements**

**Federal Funding Accountability and Transparency Act (FFATA)**
This statement of work is supported by federal funds that require compliance with the Federal Funding Accountability and Transparency Act (FFATA or the Transparency Act). The purpose of the Transparency Act is to make information available online so the public can see how the federal funds are spent.

To comply with this act and be eligible to perform the activities in this statement of work, the LHJ must have a Data Universal Numbering System (DUNS®) number.

Information about the LHJ and this statement of work will be made available on [USASpending.gov](http://www.usaspending.gov) by DOH as required by P.L. 109-282.

**Program Manual, Handbook, Policy References**
Quality Assurance Project Plan at: [https://fortress.wa.gov/ecy/publications/SummaryPages/1403128.html](https://fortress.wa.gov/ecy/publications/SummaryPages/1403128.html)

**Special References (RCWs, WACs, etc)**
WAC 246-272A, RCW 70.118A, Puget Sound Action Agenda, Interim PIC Program Protocols

Federal funds from the Environmental Protection Agency (EPA) National Estuary Program (NEP) Account must be used to implement elements and activities of the local on-site sewage management plans that do not conflict with and are consistent with the goals, strategies, objectives, and actions of the Puget Sound Action Agenda.

**Monitoring Visits (frequency, type)**
The DOH program contact may conduct at least one monitoring visit during the life of this project. The type, duration, and timing of visit will be determined and scheduled in cooperation with the subawardee.

**Special Instructions**
Progress reports are due to DOH on the following date: July 2018. Since there is a standing BEACH Act program report, the Puget Sound Financial and Ecosystem Accounting Tracking System (FEATS) report shall be completed by the Department of Ecology/Health BEACH Act lead by October 15, 2018.

---

Exhibit A, Statements of Work  
Revised as of January 16, 2018  
Contract Number CLH18248-1  
Page 10 of 23
The Minority and Women-Owned business Reporting is due to kristy.wamer@doh.wa.gov on the following dates: October 15, 2018, and upon contract completion.

All environmental data must be entered by the LHJ into EPA’s Storage and Retrieval data system (STORET) at http://www.epa.gov/STORET or Dept. of Ecology’s EIM reporting. The semi-annual report format and data reporting requirements will be provided by DOH and may be modified throughout the contract period via email announcement.

Program Specific Requirements/Narrative
The following provisions are the pass-thru requirements of subawards funded under U.S. Environmental Protection Agency Grant (FAIN) Cooperative Agreement PC-00J88801-3

Administrative Conditions

1. General Terms and Conditions – Updated April 27, 2017
The subrecipient agrees to comply with the current EPA general terms and conditions available at: https://www.epa.gov/grants/epa-general-terms-and-conditions-effective-april-27-2017-or-later. These terms and conditions are in addition to the assurances and certifications made as part of the award and the terms, conditions or restrictions cited throughout the award.

The EPA repository for the general terms and conditions by year can be found at: https://www.epa.gov/grants/grant-terms-and-conditions#general

2. General Terms and Conditions - Consultant Cap - Additional Information
In addition to the General Terms and Conditions #6 “Consultant Cap”, as of January 1, 2017, the limit is $622.72 per day $77.84 per hour.

NOTE: For future years’ limits, the subrecipient may find the annual salary for Level IV of the Executive Schedule on the following Internet site: http://www.opm.gov/oca. Select "Salary and Wages", and select "Rates of Pay for the Executive Schedule". The annual salary is divided by 2087 hours to determine the maximum hourly rate, which is then multiplied by 8 to determine the maximum daily rate.

3. General Terms and Conditions – Cybersecurity
The subrecipient agrees to comply with the current EPA general terms and conditions “Cybersecurity”.

The terms and conditions can be found on the EPA Grants Terms and Conditions Website.
For STATE: https://www.epa.gov/grants/state-grant-cybersecurity-condition
For TRIBE: https://www.epa.gov/grants/tribal-grant-cybersecurity-condition
For Other Recipients: https://www.epa.gov/grants/cybersecurity-grant-condition-other-recipients-including-intertribal-consortia

4. General Terms and Conditions - Indirect Costs for States and Tribal
The cost principles of 2 CFR 200 Subpart E are applicable, as appropriate, to this subaward.

In addition to the General Terms and Conditions “Indirect Cost Rate Agreements”, if the subrecipient does not have a previously established indirect cost rate, it agrees to prepare and submit its indirect cost rate proposal in accordance with 2 CFR 200 Appendix VII.

The subrecipient agrees to comply with the audit requirements in accordance with 2 CFR 200 Subpart F.

5. Utilization of Small, Minority and Women’s Business Enterprises (MBE/WBE)

General Compliance, 40 CFR, Part 33
The subrecipient agrees to comply with the requirements of EPA’s Disadvantaged Business Enterprise (DBE) Program for procurement activities under assistance agreements, contained in 40 CFR, Part 33.

MBE/WBE Reporting, 40 CFR, Part 33, Subpart E
The subrecipient agrees to complete and submit a "MBE/WBE Utilization Under Federal Grants, Cooperative Agreements and Interagency Agreements" report (EPA Form 5700-52A) on an annual basis. All procurement actions are reportable, not just that portion which exceeds $150,000.
When completing the annual report, subrecipients are instructed to check the box titled “annual” in section 1B of the form. For the final report, subrecipients are instructed to check the box titled section 1B of the form. For the final report, subrecipients are instructed to check the box indicated for the “last report” of the project in section 1B of the form. Annual reports are due by October 30th of each year. Final reports are due by October 30th or 90 days after the end of the project period, whichever comes first.

The reporting requirement is based on total procurements. Subrecipients with expended and/or budgeted funds for procurement are required to report annually whether the planned procurements take place during the reporting period or not. If no budgeted procurements take place during the reporting period, the subrecipient should check the box in section 5B when completing the form.

The current EPA Form 5700-52A can be found at the EPA Office of Small Business Program’s Home Page at http://www.epa.gov/osbp/dbereporting.htm.

This provision represents an approved deviation from the MBE/WBE reporting requirements as described in 40 CFR, Part 33, Section 33.502; however, the other requirements outlined in 40 CFR Part 33 remain in effect, including the Good Faith Effort requirements as described in 40 CFR Part 33 Subpart C, and Fair Share Objectives negotiation as described in 40 CFR Part 33 Subpart D and explained below.

**Six Good Faith Efforts, 40 CFR, Part 33, Subpart C**

Pursuant to 40 CFR, Section 33.301, the subrecipient agrees to make the following good faith efforts whenever procuring construction, equipment, services and supplies under an EPA financial assistance agreement, and to require that sub-subrecipients, loan subrecipients, and prime contractors also comply. Records documenting compliance with the six good faith efforts shall be retained:

(a) Ensure DBEs are made aware of contracting opportunities to the fullest extent practicable through outreach and recruitment activities. For Indian Tribal, State and Local and Government subrecipients, this will include placing DBEs on solicitation lists and soliciting them whenever they are potential sources.

(b) Make information on forthcoming opportunities available to DBEs and arrange time frames for contracts and establish delivery schedules, where the requirements permit, in a way that encourages and facilitates participation by DBEs in the competitive process. This includes, whenever possible, posting solicitations for bids or proposals for a minimum of 30 calendar days before the bid or proposal closing date.

(c) Consider in the contracting process whether firms competing for large contracts could subcontract with DBEs. For Indian Tribal, State and local Government subrecipients, this will include dividing total requirements when economically feasible into smaller tasks or quantities to permit maximum participation by DBEs in the competitive process.

(d) Encourage contracting with a consortium of DBEs when a contract is too large for one of these firms to handle individually.

(f) If the prime contractor awards subcontracts, require the prime contractor to take the steps in paragraphs (a) through (e) of this section.

**Contract Administration Provisions, 40 CFR, Section 33.302**

The subrecipient agrees to comply with the contract administration provisions of 40 CFR, Section 33.302.

**Bidders List, 40 CFR, Section 33.501(b) and (c)**

Subrecipients of a Continuing Environmental Program Grant or other annual reporting grant, agree to create and maintain a bidders list. Subrecipients of an EPA financial assistance agreement to capitalize a revolving loan fund also agree to require entities receiving identified loans to create and maintain a bidders list if the recipient of the loan is subject to, or chooses to follow, competitive bidding requirements. Please see 40 CFR, Section 33.501 (b) and (c) for specific requirements and exemptions.

**Fair Share Objectives, 40 CFR, Part 33, Subpart D**

1. **For Grant Awards $250,000 or Less**

   This assistance agreement is a Technical Assistance Grant (TAG); or the award amount is $250,000 or less; or the total dollar amount of all of the subrecipient’s financial assistance agreements from EPA in the current Federal fiscal year is $250,000 or less. Therefore, the subrecipient of this assistance agreement is exempt from the fair share objectives of 40 CFR, Part 33, Subpart D, and is not required to negotiate fair share objectives/goals for the utilization of MBE/WBEs in its procurements.
For Subrecipients Accepting Goals
A subrecipient must negotiate with the appropriate EPA award official, or his/her designee, fair share objectives for MBE and WBE participation in procurement under the financial assistance agreements.

In accordance with 40 CFR, Section 33.411 some subrecipients may be exempt from the fair share objectives requirements as described in 40 CFR, Part 33, Subpart D. Subrecipients should work with their DBE coordinator, if they think their organization may qualify for an exemption.

Accepting the Fair Share Objectives/Goals of Another Subrecipient
The dollar amount of this assistance agreement, or the total dollar amount of all of the subrecipient’s financial assistance agreements in the current federal fiscal year from EPA is $250,000, or more. The subrecipient accepts the applicable MBE/WBE fair share objectives/goals negotiated with EPA. The Region 10 fair share objectives/goals can be found: http://www.epa.gov/osbp/pdfs/rlOfairsharegoals.pdf.

By signing this financial assistance agreement, the subrecipient is accepting the fair share objectives/goals and attests to the fact that it is purchasing the same or similar construction, supplies, services and equipment, in the same or similar relevant geographic buying market.

Negotiating Fair Share Objectives/Goals, 40 CFR, Section 33.404
The subrecipient has the option to negotiate its own MBE/WBE fair share objectives/goals. If the subrecipient wishes to negotiate its own MBE/WBE fair share objectives/goals, the subrecipient agrees to submit proposed MBE/WBE objectives/goals based on an availability analysis, or disparity study, of qualified MBEs and WBEs in their relevant geographic buying market for construction, services, supplies and equipment.

The submission of proposed fair share goals with the supporting analysis or disparity study means that the subrecipient is not accepting the fair share objectives/goals of another subrecipient. The subrecipient agrees to submit proposed fair share objectives/goals, together with the supporting availability analysis or disparity study, to the Regional MBE/WBE Coordinator within 120 days of its acceptance of the financial assistance award. EPA will respond to the proposed fair share objective/goals within 30 days of receiving the submission. If proposed fair share objective/goals are not received within the 120 day time frame, the subrecipient may not expend its EPA funds for procurements until the proposed fair share objective/goals are submitted.

For Subrecipients with Established Goals
The subrecipient must negotiate with the appropriate EPA award official, or his/her designee, fair share objectives for MBE and WBE participation in procurement under the financial assistance agreements.

In accordance with 40 CFR, Section 33.411 some subrecipients may be exempt from the fair share objectives requirements described in 40 CFR Part 33, Subpart D. Subrecipients should work with their DBE coordinator, if they think their organization may qualify for an exemption.

Current Fair Share Objective/Goal
The dollar amount of this assistance agreement or the total dollar amount of all of the subrecipient’s financial assistance agreements in the current federal fiscal year from EPA is $250,000, or more. The Region 10 fair share objectives/goals can be found: http://www.epa.gov/osbp/pdfs/rlOfairsharegoals.pdf.

Negotiating Fair Share Objectives/Goals
In accordance with 40 CFR, Part 33, Subpart D, established goals/objectives remain in effect for three fiscal years unless there are significant changes to the data supporting the fair share objectives. The subrecipient is required to follow requirements as outlined in 40 CFR Part 33, Subpart D when renegotiating the fair share objectives/goals.

For DWSRF, CWSRF and BROWNFIELDS RLF Subrecipients ONLY
Objective/Goals of Loan Subrecipients
As a subrecipient of an EPA financial assistance agreement to capitalize revolving loan funds, the subrecipient agrees to either apply its own fair share objectives negotiated with EPA to identified loans using a substantially similar relevant geographic market, or negotiate separate fair share objectives with its identified loan subrecipients. These separate objectives/goals must be based on demonstrable evidence of the availability of MBEs and WBEs in accordance with 40 CFR, Part 33, Subpart D.
The subrecipient agrees that if procurements will occur over more than one year, the subrecipient may choose to apply the fair share objective in place either for the year in which the identified loan is awarded or for the year in which the procurement action occurs. The subrecipient must specify this choice in the financial assistance agreement, or incorporate it by reference therein.

Programmatic Conditions

1. Semi-Annual Performance Reports
The subrecipient shall submit performance reports every six (6) months during the life of the project. Reports are due 30 calendar days after the end of each reporting period. Reports shall be submitted to the DOH Contracts Manager and may be provided electronically.

In accordance with 2 CFR 200.328, as appropriate, the subrecipient agrees to submit performance reports that include brief information on each of the following areas:

(a) A comparison of actual accomplishments to the outputs/outcomes established in the assistance agreement work plan for the period;
(b) The reasons why established goals were not met, if appropriate;
(c) Additional pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

In addition to the semi-annual performance reports, the subrecipient shall immediately notify the DOH Contracts Manager of developments that have a significant impact on the award-supported activities. As appropriate, the subrecipient agrees to inform the DOH Contract Manager as soon as problems, delays or adverse conditions become known which will materially impair the ability to meet the outputs/outcomes specified in the assistance agreement work plan. This notification shall include a statement of the action taken or contemplated, and any assistance needed to resolve the situation.

The subrecipient will submit performance reports through EPA’s Puget Sound Financial and Ecosystem Accounting Tracking System (FEATS). Reports are due at least 30 calendar days after the end of each reporting period. The reporting periods shall end March 31st and September 30th of each calendar year. Reports shall be submitted to the DOH Contracts Manager on the FEATS form provided by the DOH Contracts Manager and shall be submitted by electronic mail. The subrecipient agrees to submit performance reports that include brief information on each of the following areas:

(a) A comparison of actual accomplishments to the outputs/outcomes established in the assistance agreement work plan for the period;
(b) The reasons for slippages if established outputs/outcomes were not met;
(c) Additional pertinent information, including when appropriate, analysis and information of cost overruns or high unit costs.

2. Final Performance Report
The subrecipient shall submit a final performance report through FEATS, which is due 90 calendar days after the expiration or termination of the award. The report shall be submitted to the DOH Contract Manager and must be provided electronically. The report shall generally contain the same information as in the periodic reports, but should cover the entire project period. After completion of the project, the DOH Contract Manager may waive the requirement for a final performance report if the DOH Contract Manager deems such a report is inappropriate or unnecessary.

3. Program Income - Addition
If program income is generated, the subrecipient is required to account for program income related to this project. Program income earned during the project period shall be retained by the subrecipient and shall be added to funds committed to the project by EPA and the subrecipient, and shall be used to further eligible project objectives.

4. Information Collection Requirements
EPA and the recipient agree to comply with the requirements of the Paperwork Reduction Act in completing the project. Because the scope of work includes a survey, a questionnaire or similar information-gathering activity, the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), requires EPA to obtain Office of Management and Budget (OMB) clearance prior to the recipient’s collection of information by means of identical questions posed to 10 or more persons.

The recipient will provide to the EPA Project Officer the following information: (1) description of the information to be collected; (2) explanation of the need for the information; and (3) to whom the survey is being directed.
5. Recognition of EPA Funding
   Reports, documents, signage, videos, or other media, developed as part of projects funded by this assistance agreement shall contain the following statement:
   “This project has been funded wholly or in part by the United States Environmental Protection Agency under assistance agreement PC-00188801-3 to (subrecipient). The contents of this document do not necessarily reflect the views and policies of the Environmental Protection Agency, nor does mention of trade names or commercial products constitute endorsement or recommendation for use.”

6. Annual Conferences
   The subrecipient may attend one or more appropriate conferences each year, which may be within the Puget Sound region. The specific conferences will be determined in consultation with the Grant Officer. The purpose of this requirement is to provide recipients with opportunities to learn about and benefit from other relevant initiatives and programs that relate to the funded work; to exchange information about their funded work with organizations that may benefit from their experience; and generally to raise awareness within the Puget Sound, Salish Sea, and large aquatic ecosystem protection and restoration communities of the funded work. Examples of potentially relevant conferences include, but are not limited to, the biennial Puget Sound-Georgia Basin Ecosystem Conference [http://depts.washington.edu/uwconf/psgbc/](http://depts.washington.edu/uwconf/psgbc/) and/or local [http://www.wwu.edu/salishseaconference/](http://www.wwu.edu/salishseaconference/) or regional meetings of Tribal, professional, scientific, or other relevant associations. Specific conferences depend on the nature of the work proposed. Recipient will be allowed to use award funds to pay for travel and lodging. Recipient should include anticipated costs for attending conferences in their proposed budget. [https://www.epa.gov/psounds/](https://www.epa.gov/psounds/)

7. Peer Review
   The results of this project may affect management decisions relating to Puget Sound. Prior to finalizing any significant technical products the Principal Investigator (PI) of this project must solicit advice, review and feedback from a technical review or advisory group consisting of relevant subject matter specialists. A record of comments and a brief description of how respective comments are addressed by the PI will be provided to the Project Monitor prior to releasing any final reports or products resulting from the funded study.

8. Competency of Organizations Generating and/or Using Environmental Measurement Data
   In accordance with Agency Policy Directive Number FEM-2012-02, Policy to Assure the Competency of Organizations Generating Environmental Measurement Data, subrecipient shall maintain competency for the duration of the project period of this agreement and this will be documented during the annual reporting process. A copy of the Policy is available online at [http://www.epa.gov/fem/lab_comp.htm](http://www.epa.gov/fem/lab_comp.htm) or a copy may also be requested by contacting the DOH Contract Manager for this award.

   **Federal Assistance Agreement Funds Up To $200,000**
   Subrecipient agrees that if the total federal funding obligated on this award exceeds $200,000 (resulting from subsequent amendments to this agreement) and will involve the use or generation of environmental data it will (unless it has otherwise done so) demonstrate competency prior to carrying out any activities involving the generation or use of environmental data under this agreement.

   **Federal Assistance Agreement Funds Exceed or Expect to Exceed $200,000**
   Subrecipient agrees, by entering into this agreement, that it has demonstrated competency prior to award, or alternatively, where a pre-award demonstration of competency is not practicable. Subrecipient agrees to submit documentation and demonstrate competency prior to carrying out any activities under the award involving the generation or use of environmental data.

9. STORET Requirement
   Subrecipients are required to institute standardized reporting requirements into their work plans and include such costs in their budgets. All water quality data generated in accordance with an EPA approved Quality Assurance Project Plan as a result of this assistance agreement, either directly or by subaward, will be required to be transmitted into the Agency’s Storage and Retrieval (STORET) data warehouse using either WQX or WQX web. Water quality data appropriate for STORET include physical, chemical, and biological sample results for water, sediment and fish tissue. The data include toxicity data, microbiological data, and the metrics and indices generated from biological and habitat data. The Water Quality Exchange (WQX) is the water data schema associated with the EPA, State and Tribal Exchange Network. Using the WQX schema partners map their database structure to the WQX/STORET structure. WQX web is a web-based tool to convert data into the STORET format for smaller data generators that are not direct partners on the Exchange Network. More information about WQX, WQX web, and the STORET warehouse, including tutorials, can be found at [http://www.epa.gov/storet/wqx/](http://www.epa.gov/storet/wqx/).
If activities submitted as match for this federal assistance agreement involve the generation of water quality data, the resulting information must be publicly accessible (in STORET or some other database). Subrecipients are encouraged to develop a crosswalk between any non-STORET database utilized for the storage of water quality data associated with match activities and EPA’s Water Quality Exchange (WQX).

10. Riparian Buffers
Riparian buffer restoration projects in agricultural areas shall be consistent with the interim riparian buffer recommendations provided to EPA and the Natural Resource Conservation Service by National Marine Fisheries Service letters of January 30, 2013 (stamp received date - February 4, 2013) and April 9, 2013 (stamp received date - April 16, 2013), or the October 28, 2013 guidance. Grantees shall confirm in writing projects’ consistency with the recommendations referenced above. When developing project proposals, grantees also should consider the extent to which proposals include appropriate riparian buffers or otherwise address pollution sources on other watercourses on the properties in the project area to support water quality and salmon recovery. Deviations can only be obtained through an exception approved by EPA. In order for EPA to evaluate a request for an exception, the grantee must submit the scientific rationale demonstrating adequacy of buffers for supporting water quality and salmon recovery. The request must summarize tribal input on the scientific rationale or other relevant issues. The scientific rationale could be developed from sources such as site-specific assessment data, salmon recovery plans, Total Maximum Daily Loads (TMDLS) and the state nonpoint plan. EPA will confer with the National Oceanic and Atmospheric Administration (NOAA) and the Washington Department of Ecology and provide the opportunity for affected tribes to consult with EPA before making a final decision on a deviation request.

11. International Travel (including Canada)
All International Travel must be approved by the Office of International and Tribal Affairs (OITA) BEFORE travel occurs. Even a brief trip to a foreign country, for example to attend a conference, requires OITA approval. Please contact your DOH Contract Manager as soon as possible if travel is planned out of the country, including Canada and/or Mexico, so that they can obtain appropriate approvals from EPA Headquarters. If you have questions, please contact your DOH Contract Manager listed in this award document.

12. Geospatial Data Standards
All geospatial data created must be consistent with Federal Geographic Data Committee (FGDC) endorsed standards. Information on these standards may be found at www.fgdc.gov.

13. Model Programmatic Subaward Reporting Requirement (GPI-16-01)
The subrecipient must report on its subaward monitoring activities under 2 CFR 200.331(d).

Examples of items that must be reported if the pass-through entity has the information available are:
- Summaries of results of reviews of financial and programmatic reports.
- Summaries of findings from site visits and/or desk reviews to ensure effective subrecipient performance.
- Environmental results the subrecipient achieved
- Summaries of audit findings and related pass-through entity management decisions.
- Actions the pass-through entity has taken to correct deficiencies such as those specified at 2 CFR 200.331(e), 2 CFR 200.207 and the 2 CFR Part 200.338 Remedies for Noncompliance.

14. Lobbying and Litigation
i. The chief executive officer of this subrecipient agency shall ensure that no grant funds awarded under this assistance agreement are used to engage in lobbying of the Federal Government or in litigation against the U.S. unless authorized under existing law. The recipient shall abide by the Cost Principles available at 2 CFR 200 which generally prohibits the use of federal grant funds for litigation against the U.S. or for lobbying or other political activities. The recipient agrees to comply with Title 40 CFR Part 34, New Restrictions on Lobbying. The recipient shall include the language of this provision in award documents for all subawards exceeding $100,000, and require that subrecipients submit certification and disclosure forms accordingly.

ii. In accordance with the Byrd Anti-Lobbying Amendment, any recipient who makes a prohibited expenditure under Title 40 CFR Part 34 or fails to file the required certification or lobbying forms shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such expenditure.

iii. Subcontracts awarded by the subrecipient shall contain, when applicable, the anti-lobbying provision as stipulated in the Appendix II to Part 200—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards.
iv. Pursuant to Section 18 of the Lobbying Disclosure Act, the subrecipient affirms that it is not a nonprofit organization described in Section 501(c)(4) of the Internal Revenue Code of 1986; or that it is a nonprofit organization described in Section 501(c)(4) of the Code but does not and will not engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act. Nonprofit organizations exempt from taxation under section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities are ineligible for EPA subawards.

15. Quality Assurance Requirements (2 CFR 1500.11)
Subrecipient will submit a Quality Assurance Project Plan (QAPP) Waiver form after reviewing the Washington State Department of Ecology’s NEP Quality Assurance web page: https://ecology.wa.gov/About-us/How-we-operate/Scientific-services/Quality-assurance If a QAPP is required, subrecipients will work with Ecology’s NEP Quality Coordinator (NEP QC) to develop and approve the QAPP. Work related to collecting new or using existing environmental data may not begin until the QAPP waivers are completed and is approved, https://fortress.wa.gov/ecy/publications/summarypages/0403030.html

Acceptable Quality Assurance documentation must be submitted to the EPA Project Officer within 30 days of the acceptance of this agreement or another date as negotiated with the EPA Project Officer. No work involving direct measurements or data generation, environmental modeling, compilation of data from literature or electronic media, and data supporting the design, construction, and operation of environmental technology shall be initiated under this project until the EPA Project Officer, in concert with the EPA Quality Assurance Manager, has approved the quality assurance document. Additional information on these requirements can be found at the EPA Office of Grants and Debarment website: http://www.epa.gov/ogd/grants/assurance.htm.

16. ULO Stretch Goal
Assistance agreement subrecipients are to apply these “stretch” goals throughout the life of the assistance agreement and to confer with your EPA Project Officer whenever instances arise that make attainment of these stretch goals unlikely.

Stretch Goal: A stretch goal for utilization of funds for each new strategic initiative lead grant with subawards is established. All funds should be spent by 2-1/2 years in order for incremental funding to be considered at levels otherwise available for the fourth year of the grant.

Funds awarded in FY2017 (October 1, 2016-September 30, 2017) should all be drawn down by March 2020
Funds awarded in FY2018 (October 1, 2017-September 30, 2018) should all be drawn down by March 2021
Funds awarded in FY2019 (October 1, 2018-September 30, 2019) should all be drawn down by March 2022
Funds awarded in FY2020 all should be drawn down by award end date.

17. Animal Subjects
Subrecipient agrees to comply with the Animal Welfare Act of 1966 (P.L. 89-544), as amended, 7 USC 2131-2156. Recipient also agrees to abide by the “U.S. Government Principles for the Utilization and Care of Vertebrate Animals used in Testing, Research, and Training.” (Federal Register 50(97): 20864-20865. May 20, 1985). The nine principles can be viewed at: https://www.nap.edu/search/?rpp=20&ft=1&term=nine+principles+for+the+utilization+and+care+of+vertebrate+animals+used+in+testing. For additional information about the Principles, the subrecipient should consult the Guide for Care and Use of Laboratory Animals, prepared by the Institute of Laboratory Animal Resources, National Research Council and can be accessed at: http://www.nap.edu/readingroom/books/labrats/.

18. Copyrighted Material and Data
In accordance with 2 CFR 200.315, EPA has the right to reproduce, publish, use and authorize others to reproduce, publish and use copyrighted works or other data developed under this assistance agreement for Federal purposes.

Examples of a Federal purpose include but are not limited to: (1) Use by EPA and other Federal employees for official Government purposes; (2) Use by Federal contractors performing specific tasks for the Government; (3) Publication in EPA documents provided the document does not disclose trade secrets (e.g. software codes) and the work is properly attributed to the recipient through citation or otherwise; (4) Reproduction of documents for inclusion in Federal depositories; (5) Use by State, tribal and local governments that carry out delegated Federal environmental programs as “co-regulators” or act as official partners with EPA to carry out a national environmental program within their jurisdiction and; (6) Limited use by other grantees to carry out Federal grants provided the use is consistent with the terms of EPA’s authorization to the other grantee to use the copyrighted works or other data. Under Item 6, the grantee acknowledges that EPA may authorize another grantee(s) to use the copyrighted works or other data developed under this grant as a result of: the selection of another grantee by EPA to perform a project that will involve the use of the copyrighted works or other data or; termination or expiration of this agreement.
In addition, EPA may authorize another grantee to use copyrighted works or other data developed with Agency funds provided under this grant to perform another grant when such use promotes efficient and effective use of Federal grant funds EPA General Terms and Conditions Effective April 27, 2017

Exhibit A
Statement of Work
Contract Term: 2018-2020

DOH Program Name or Title: P-TCPI Regional Care Coordination Project
Local Health Jurisdiction Name: Kitsap Public Health District

Contract Number: CLH18248

Effective January 1, 2018

Statement of Work Purpose: The purpose of this statement of work is to enhance and mobilize the Medical Home Neighborhood model of care for the whole child and family in pediatric practice transformation, a statewide network of Regional Care Facilitators (RCF), one in each of the nine Accountable Communities of Health (ACHs), will be created to join the Pediatric-Transforming Clinical Practice Initiative (P-TCPI) regional teams to emphasize physical and behavioral health integration and care coordination for children within participating practices, the ACH regional partners, and the state. Each RCF will have state, regional, and Practice Facilitator interface roles to facilitate the Medical Home Neighborhood concept and have a lasting impact on the system of pediatric services for children on Medicaid in Washington to improve children’s health.

Revision Purpose: The purpose of this revision is to change funding source from MCO dollars to TCPI dollars, increase funding and add TCPI deliverables.

5 Regional Asset Mapping
Participate in Regional Asset Mapping (and/or a Regional Health Needs Inventory) to look at community resources as a whole.

5a: Plan and conduct assessment/mapping of care coordination resources available in the region to determine capacity and gaps.

5b: Identify regional and community partners and others in the region who are doing a piece of care coordination to promote better collaboration.

- Description of meeting/event should include: Attendees, date, location, agenda topics, copies of meeting evaluations (to be provided by DOH) and a summary of outcomes, challenges and successes.
- Description of information sharing methodology.

Narrative Report using the template provided by DOH, that includes:
- Description of progress, challenges and successes in Regional Asset Mapping process.

Quarterly by the 15th of January, March, June, and September

Reimbursement for actual costs, not to exceed total funding consideration.

*For Information Only:*
Funding is not tied to the revised Standards/Measures listed here. This information may be helpful in discussions of how program activities might contribute to meeting a Standard/Measure. More detail on these and/or other Public Health Accreditation Board (PHAB) Standards/Measures that may apply can be found at:

**Program Specific Requirements/Narrative**

**Staffing Requirements**
Designate staff to serve as the Regional Care Facilitator. Compensation will include funding for staff, benefits, regional and statewide travel (miles, lodging, per diem), allowable start up technology, and allowable indirect.

**Special Instructions**
This statement of work funds activities through December 31, 2017. Task and deliverable due dates beyond December 31, 2017 are for reference only and will be included in a new statement of work under the new consolidated contract term beginning January 1, 2018.
