These two BARS Revenue Codes and definitions from the State Auditor’s Office (SAO’s) are listed below along with a link to the BARS Manual. 336.04.25 is the new BARS Revenue Code to use for the Foundational Public Health Services (FPHS) funds included in this statement of work.

**336.04.24 – County Public Health Assistance**
Use this account for the state distribution authorized by the 2013 2ESSB 5034, section 710. The local health jurisdictions are required to provide reports regarding expenditures to the legislature from this revenue source.

8. Participation in Washington State's HIV Planning Process

The vision of the HIV Planning System is to end the HIV epidemic in Washington State. Collectively we will accomplish this by preventing new HIV infections and by keeping people with HIV healthy. The planning system looks at how HIV impacts populations across the state, the factors influencing people’s HIV risk and the structures that impact successful HIV efforts. The components of the planning system recommend the most successful HIV prevention, care and treatment strategies. Stakeholder Villages and Special Emphasis Workgroups are designed specifically to amplify the voices of individuals and communities experiencing HIV related disparities.

a. Planning System components

HIV Stakeholder Villages (Villages) have no formal membership and serve the dual purpose of educating a broad range of stakeholders on the current and proposed HIV interventions and strategies receiving input from stakeholders to enhance HIV service delivery. Village meet in person or via web interface in town hall style meetings held within various communities in Washington State in coordination with local service delivery providers.

HIV Special Emphasis Workgroups (SEW) are informal, ad-hoc, and advisory bodies that are convened by DOH to identify specific and effective implementation strategies that add operational value to prevention, care and treatment continuum activities.

The HIV Planning Steering Group is a 21 member, formal, standing, advisory committee.

b. Contracted Agencies have unique connections to communities and connecting communities to the planning system is integral to a successful HIV service delivery system. DOH is responsible for implementation of the HIV Planning System. Contracted Agencies are responsible to work directly with DOH to implement and recruit participants for Villages and SEW that in their service provision area or target population.
9. Participation in End AIDS Washington Initiative
The End AIDS Washington Initiative is a collaboration of community-based organizations, government agencies and education and research institutions working together to reduce the rate of new HIV infections in Washington by 50% by 2020. The End AIDS Washington initiative and the forthcoming implementation plan are not owned by any one government agency or CBO. End AIDS Washington is a community-owned effort, and will only be successful if all stakeholders—communities, government, the health care system, and people most affected by HIV—are fully engaged in its implementation efforts and empowered to make decisions and set priorities.

10. Participation in End AIDS Washington Statewide Media Campaign
i) The End AIDS Washington Statewide Media Campaign effort aims to promote the priorities laid out in the EAW Initiative around the state through various ways. Funded agencies will ensure the participation of at least one staff member funded through PAHR Services in End AIDS Washington Campaign related activities including, but not limited to, the End AIDS Washington Champions program. Funded agencies will, whenever possible, utilize End AIDS Washington messaging and branding on educational and outreach materials.

11. Contract Management
b. Fiscal Guidance
i) Funding - Funds provided in the Budget are for services provided during the period January 1, 2018 - December 31, 2018. The LHJ shall submit all claims for payment for costs due and payable under this statement of work by January 31, 2019. DOH will pay belated claims at its discretion, contingent upon the availability of funds.

   The LHJ shall use and adhere to the DOH Infectious Disease Reimbursement Guidelines and Forms when submitting A19-1A invoice voucher payment requests to DOH.

   iv) Advance Payments Prohibited Funds are “cost reimbursement” funds. DOH will not make payment in advance or in anticipation of services or supplies provided under this agreement. This includes payments of “one-twelfth” of the current fiscal year’s funding.
v) **Payer of Last Resort** – No funds shall be used to provide items or services for which payment has been made or reasonably can be expected to be made, by third party payers, including Medicaid, Medicare, the Early Intervention Program (EIP) and/or State or local entitlement programs, prepaid health plans or private insurance. Therefore, LHJ providing case management services shall expeditiously enroll eligible clients in Medicaid. LHJ will not use funds to pay for any Medicaid-covered services for Medicaid enrollees.

vi) **Cost of Services** – The LHJ will not charge more for HIV services than allowed by Sec. 2617 (c) of Ryan White legislation (Public Law 101-381; 42 USC 300ff-27).

vii) **Emergency Financial Assistance** – The LHJ shall not use contract funds to provide a parallel medication service to EIP. LHJ’s providing case management services shall make every effort to enroll clients in EIP.

viii) **Payment of Cash or Checks to Clients Not Allowed** – Where direct provision of service is not possible or effective, vouchers or similar programs, which may only be exchanged for a specific service (e.g., transportation), shall be used to meet the need for such services. LHJ shall use voucher programs to assure that recipients cannot readily convert vouchers into cash.

ix) **Funds for Needle Exchange Programs Not Allowed** – LHJ shall not expend contract funds to support needle exchange programs.

tax) **Supervision** under DOH Community Programs contracts, will be understood as the delivery of a set of interrelated functions encompassing administrative, educational and supportive roles that work collectively to ensure clinical staff (i.e., case managers, navigators, coordinators, assistants, coaches) are equipped with the skills necessary to deliver competent and ethical services to clients that adhere to best practices within applicable fields as well as all relevant Statewide Standards. Supervisors must meet the criteria set forth within the WA State HIV Case Management Standards and provide the level of interaction and review detailed in that document.

It is the understanding of DOH that Supervision funded under the direct program portion of this contract include at minimum the provision of at least two of the three functions detailed here: administrative, educational or supportive supervision. Supervision that encompasses only administrative functions will not be considered billable under Direct Program. To that end, it is the expectation of DOH that those personnel identified as Supervisors have no more than one degree of separation from direct client care. Exceptions to this rule can be presented and considered to and by DOH Contract Management. It will fall to the requesting organization to satisfactorily demonstrate that any Supervisory positions falling within the scope of Direct Program are meeting the expectation of provision of educational or supportive supervision with the aim of directly impacting client experiences, quality of services, and adherence to best practices and Statewide Standards.

c. **Contract Modifications**

i) **Notice of Change in Services** – The LHJ shall notify DOH program staff, within 45 days, if any situations arise that may impede implementation of the services contained in the statement of work. DOH and the LHJ will agree to strategies for resolving any shortfalls. DOH retains the right to withhold funds in the event of substantial noncompliance.

ii) **Contract Amendments** – Effective Date – The LHJ shall not begin providing the services authorized by a contract amendment until the LHJ has received a signed, fully executed copy of the contract amendment from DOH.

d. **Subcontracting**

This statement of work does not allow a LHJ to subcontract for services.

e. **Written Agreements**

The LHJ should execute written agreements with the providers listed below to document how the providers’ services and activities will be coordinated with funded Medical HIV Case Management services and activities:

1. Partner Counseling and Re-Linkage Services (PCRS)
2. HIV Testing Services
3. Medical Providers providing services to agency’s medical case management clients
4. Other Local Health Jurisdictions in the counties regularly served by the LHJ

Technical assistance is available through DOH.
12. Material Review and Website Disclaimer Notice
In accordance with all federal guidance, LHJs receiving funds through this RFA will:

14. Confidentiality Requirements
The LHJ must preserve the confidentiality of the clients they serve pursuant to the Washington Administrative Code (WAC) and the Revised Code of Washington (RCW). Please see below to identify the category your agency best fits. Failure to maintain client confidentiality could result in civil or legal litigation against employees or agencies per the WAC and RCW.

The statute (41 U.S.C. & 4712) states that an "employee of a LHI, subcontractor, grantee, or subgrantee, may not be discharged, demoted, or otherwise discriminated against as a reprisal for "whistleblowing." In addition, whistleblower protections cannot be waived by an agreement, policy, form, or condition of employment.

b. The National Defense Authorization Act (NDAA) for Fiscal Year 2013 (Pub. L. 112-239, enacted January 2, 2013) mandates a pilot program entitled “Pilot Program for Enhancement of Contractor Employee Whistleblower Protections.” This program requires all grantees, their subgrantees, and subcontractors to:
   i) Inform their employees working on any federal award they are subject to the whistleblower rights and remedies of the pilot program;
   ii) Inform their employees in writing of employee whistleblower protections under 41 U.S.C. & 4712 in the predominant native language of the workforce; and,
   iii) LHI and grantees will include such requirements in any agreement made with a subcontractor or subgrantee.

**Program Specific Requirements/Narrative**

**Special References (RCWs, WACs, etc)**
Chapter 246-290 WAC is the set of rules that regulate Group A water systems. By this statement of work, ODW contracts with the LHJ to conduct sanitary surveys (and SPIs, and provide technical assistance) for small community and non-community water systems with groundwater sources. ODW retains responsibility for conducting sanitary surveys (and SPIs, and provide technical assistance) for small community and non-community water systems with surface water sources, large water systems, and systems with complex treatment.
LHJ staff assigned to perform activities under tasks 1, 2, and 3 must be trained and approved by ODW prior to performing work. See special instructions under Task 4, below.

**Special Billing Requirements**
The LHJ shall submit quarterly invoices within 30 days following the end of the quarter in which work was completed, noting on the invoice the quarter and year being billed for. Payment cannot exceed a maximum accumulative fee of $14,750 for Task 1, and $2,000 for Task 2, Task 3 and Task 4 combined during the contracting period, to be paid at the rates specified in the Payment Method/Amount section above.

When invoicing for Task 1, submit the list of WS Name, ID #, Amount Billed, Survey Date and Letter Date that you are requesting payment.
When invoicing for Task 2-3, submit the list of WS Name, ID #, TA Date and description of TA work performed, and Amount Billed.
When invoicing for Task 4, submit receipts and the signed pre-authorization form for non-employee travel to the ODW Program Contact below and a signed A19-1A Invoice Voucher to the DOH Grants Management, billing to BARS Revenue Code 346.26.66 under Technical Assistance (TA).
**Special Instructions**

**Task 1**
Trained LHJ staff will evaluate the water system for physical and operational deficiencies and prepare a Final Sanitary Survey Report which has been accepted by ODW. Detailed guidance is provided in the *Field Guide for Sanitary Surveys, Special Purpose Investigations and Technical Assistance* (Field Guide). The sanitary survey will include an evaluation of the following eight elements: source; treatment; distribution system; finished water storage; pumps, pump facilities and controls; monitoring, reporting and data verification; system management and operation; and certified operator compliance. If a system is more complex than anticipated or other significant issues arise, the LHJ may request ODW assistance.

- No more than 3 surveys of non-community systems with three or fewer connections to be completed between January 1, 2018 and December 31, 2018.
- No more than 28 surveys of non-community systems with four or more connections and all community systems to be completed between January 1, 2018 and December 31, 2018.

The process for assignment of surveys to the LHJ, notification of the water system, and ODW follow-up with unresponsive water systems; and other roles and responsibilities of the LHJ are described in the Field Guide.

**Task 2**
Trained LHJ staff will perform Special Purpose Investigations (SPIs) as assigned by ODW. SPIs are inspections to determine the cause of positive coliform samples or the cause of other emergency conditions. SPIs may also include sanitary surveys of newly discovered Group A water systems. Additional detail about conducting SPIs is described in the Field Guide. The ODW Regional Office must authorize in advance any SPI conducted by LHJ staff.

**Task 3**
Trained LHJ staff will conduct Technical assistance as assigned by ODW. Technical Assistance includes assisting water system personnel in completing work or verifying work has been addressed as required, requested, or advised by the ODW to meet applicable drinking water regulations. Examples of technical assistance activities are described in the Field Guide. The ODW Regional Office must authorize in advance any technical assistance provided by the LHJ to a water system.

**Task 4**
LHJ staff assigned to perform activities under tasks 1, 2, and 3 must be trained and approved by ODW prior to performing work. LHJ staff performing the activities under tasks 1, 2 and 3 must have completed, with a passing score, the ODW Online Sanitary Survey Training and the ODW Sanitary Survey Field Training. LHJ staff performing activities under tasks 1, 2, and 3 must attend the Annual ODW Sanitary Survey Workshop, and are expected to attend the Regional ODW LHJ Drinking Water Meetings.

If required trainings, workshops or meetings are not available, not scheduled, or if the LHJ staff person is unable to attend these activities prior to conducting assigned tasks, the LHJ staff person may, with ODW approval, substitute other training activities to be determined by ODW. Such substitute activities may include one-on-one training with ODW staff, co-surveys with ODW staff, or other activities as arranged and pre-approved by ODW. LHJ staff may not perform the activities under tasks 1, 2, and 3 without completing the training that has been arranged and approved by ODW.

Exhibit A, Statements of Work
Revised as of May 15, 2018
Special Requirements

Federal Funding Accountability and Transparency Act (FFATA)

This statement of work is supported by federal funds that require compliance with the Federal Funding Accountability and Transparency Act (FFATA or the Transparency Act). The purpose of the Transparency Act is to make information available online so the public can see how the federal funds are spent.

To comply with this act and be eligible to perform the activities in this statement of work, the LID must have a Data Universal Numbering System (DUNS®) number.

Information about the LHJ and this statement of work will be made available on USASpending.gov by DOH as required by P.L. 109-282.

Tobacco and Vapor Product Prevention and Control Program (TVPPCP) Work Plan and Reporting Guidebook, Budget Workbook

Staffing Requirements

A minimum of 0.25 FTE must be committed to the implementation of the program. This may be split between up to two (2) staff persons.

Federal Funding Restrictions and Limitations:

- Awardees may not use federal funds for lobbying.
- Awardees may not use funds for research.
- Awardees may not use funds for clinical care.
- Awardees may not use funds to supplant existing state funding or to supplant funds from federal or state sources.
- Awardees may use funds only for reasonable program purposes, including personnel, travel, supplies, and sources.
- Awardees are the direct and primary recipients in a cooperative agreement program and must perform a substantial role in carrying out project outcomes and not merely serve as a conduit for an award to another party or provider who is ineligible.
- Awardees are generally not allowed to use funds to purchase furniture or equipment. Any such proposed spending must be clearly identified in the budget.
- Awardees may not be reimbursed for pre-award costs.
- Awardees may only use funds for evidence-based tobacco control interventions, strategies, and activities.
- Awardees may not use funds to provide direct cessation services or other direct services other than those through evidence-based quit line services.
- Awardees may not use funds to purchase nicotine replacement therapy or other products used for cessation.
- Awardees may not use funds to purchase K-12 school curricula.

Special References (RCWs, WACs, etc)

As a provision of The Youth Tobacco and Vapor Product Prevention Account, RCW 70.155.120, DOH shall, within up to seventy percent of available funds, provide grants to local health departments or other local community agencies to develop and implement coordinated tobacco and vapor product intervention strategies to prevent and reduce tobacco and vapor product use by youth.

Monitoring Visits

Monthly telephone calls with DOH contract manager.
Special Billing Requirements
DOH will reimburse for actual allowable program costs. Billings for services on a monthly fraction of the budget will not be accepted or approved.

Authorized and allowable program expenditures shall be reimbursed upon receipt and approval of the A19-1A invoice voucher form (A19) and required deliverables, to be submitted by the LHJ within 30 days following the month in which costs were incurred. The A19 must be provided to DOH by the 30th of each month in order to receive reimbursement for the previous month. If DOH does not receive the A19 form by the 30th of the month with the required deliverables, DOH may withhold approval and payment, at its discretion, until the 30th of the month following submittal of both the A19 form and required deliverables.

Payment is contingent upon DOH receipt and approval of all deliverables and an acceptable A19 invoice voucher. Payment to completely expend the “Total Consideration” for a specific funding period will not be processed until all deliverables are accepted and approved by DOH.

Quarterly billing and submission of deliverables may be allowed upon written request from the LHJ and written approval from the DOH Contract Manager.

General Funds State unexpended in each fiscal year may not be carried forward into the new budget period.

Special Instructions
LHJ must:
- Conduct criminal background checks on all staff who have unsupervised contact with minors
- Prohibit any staff with a felony conviction related to their duties from supervising and interacting with minors while performing the duties of this contract. This requirement is consistent with existing statute RCW 9.96A.020
