For Travel: People who need testing for travel should contact their travel provider (e.g., Delta, Hawaiian Airlines, etc.) and check with their destination to ensure the test they choose meets requirements. You can also visit travel.state.gov.

For Events: People who need testing for live events should confirm with event organizers to ensure the test they choose meets the event requirements. Please call or visit their websites for more information.

The Kitsap Public Health District is not responsible for verifying that testing options will meet specific requirements for travel or events. If you need testing because you have symptoms of COVID-19 or were exposed to someone with COVID-19, see our list of Kitsap County testing providers for additional testing options. If you are a testing provider and want your facility to be added or removed from this list, please email pio@kitsappublichealth.org.
