NOW, THEREFORE, BE IT ORDAINED, that the Kitsap Public Health Board Ordinance 2013-01, Smoking in Public Places Ordinance, as set forth below and hereby incorporated by reference, be adopted and be effective immediately.

APPROVED: April 2, 2013

Commissioner Josh Brown, Chair
Kitsap Public Health Board
SECTION 1. AUTHORITY AND PURPOSE

A. These smoking in public places rules and regulations are promulgated in furtherance of, and in accordance with, Smoking in Public Places (formerly Washington Clean Indoor Air Act), codified at Chapter 70.160 RCW and amended (effective December 8, 2005) by Initiative 901 and other pre-existing state laws that allow the State Board of Health and local Boards of Health to promulgate regulations that promote the health, safety and welfare of the citizens of this State. Initiative 901 was approved by the people of the State of Washington at the general election of November 2005. The legislation enacted through Initiative 901 recognizes the pervasive health hazard that is secondhand smoke. These rules are enacted to protect the public health and promote the safety and welfare of the citizens of Kitsap County. The rules and regulations herein govern the prohibition of smoking in public places and places of employment.

B. It is expressly the purpose of these rules and regulations to provide for and promote the health of the general public, and not to create or otherwise establish or designate any particular class or group of persons who will or should be especially protected or benefited by the terms of these rules and regulations.

C. Nothing contained in these rules and regulations is intended to be, nor shall be construed to create or form the basis for any liability on the part of the Kitsap Public Health Board or the Kitsap Public Health District, or its officers, employees or agents, for any injury or damage resulting from the failure of any person subject to these rules and regulations to comply with these rules and regulations, or by reason or in consequence of any act or omission in connection with the implementation or enforcement of these rules and regulations on the part of the Kitsap Public Health District.

SECTION 2. FINDINGS

The Kitsap Public Health Board recognizes that exposure to secondhand smoke is known to cause cancer in humans. Secondhand smoke is a known cause of other diseases including pneumonia, asthma, bronchitis, and heart disease. Citizens are often exposed to secondhand smoke in the workplace, and are likely to develop chronic, potentially fatal diseases as a result of such exposure. In order to protect the health and welfare of all citizens, including workers in their places of employment, it is necessary to prohibit smoking in public places and places of employment.

The Board further finds that with the passage of Initiative 502, questions have arisen about the applicability of Chapter 70.160 RCW and this ordinance to marijuana use. The Board finds that the state and local laws apply to all smoke and smoking, regardless of the product.
SECTION 3. APPLICABILITY

A. These regulations shall apply to all persons and in all territory within the boundaries of Kitsap County, except actions by persons on lands under the jurisdiction of the Federal Government or recognized Native American Nations and Tribes.

B. All public places and places of employment in Kitsap County as defined in Section 5 of this regulation are subject to this regulation.

C. Any person passing by or through a public place while on a public sidewalk or public right of way has not intentionally violated this regulation.

D. This ordinance is not intended to restrict smoking in private facilities which are occasionally open to the public except upon the occasions when the facility is open to the public.

E. Any person intentionally violating Chapter 70.160 RCW, as amended, by smoking in a public place or place of employment, or any person removing, defacing, or destroying a sign required by this regulation may be referred to local law enforcement in accordance with RCW 70.160.070(3).

SECTION 4. ADOPTION BY REFERENCE

Pursuant to and by the authority of RCW 70.05, the Kitsap Public Health Board hereby adopts and incorporates herein Chapter 70.160 RCW, as currently exists or as hereafter may be amended.

b. Permit suspension shall remain in effect until the regulatory authority finds the operation to be in compliance with the requirements of these regulations.

c. Any person who’s Food Service Establishment Permit has been suspended may at any time make written application for a re-inspection for the purpose of reinstatement of the permit. The application must include a signed statement explaining how the conditions causing the suspension of the permit have been corrected.

d. Within two business days following receipt of a written request for a re-inspection, the regulatory authority will make a re-inspection, and reinstate the permit if the person is in compliance with these regulations.

3. Revocation of Permits.

a. The Health Officer may revoke a Food Service Establishment Permit if serious and repeated violation(s) of any requirements of these regulations have occurred.
b. SECTION 8. REBUTTALS

A. Owners, operators, managers, employers, or other persons who own or control a public place or place of employment may seek to rebut the presumption that 25 feet is a reasonable minimum distance, as defined in Section 5 above, by making application for a hearing with the Health Officer. A completed “Application for Administrative Meeting or Appeal Hearing” for rebutting the presumptively reasonable distance requirement must be accompanied by all of following:

1. An application fee for Appeal Hearing with Health Officer as established in the most recent Environmental Health Program Service Charges approved by Kitsap Public Health Board.

2. A written description of the proposed reduction in the presumptively reasonable distance requirement as defined in Section 5.

3. A detailed map showing the specific area to be considered for a reduced separation distance along with the location of all entrances, exits, windows that open, and ventilation intakes within 25 feet of the proposed smoking area.

4. A written explanation by the applicant describing why the presumptively reasonable distance of 25 feet cannot be met and why consideration for a reduced separation distance is necessary.
5. A written justification from the applicant describing the clear and convincing evidence they have gathered that demonstrates that given the unique circumstances presented by the location of entrances, exits, windows that open, ventilation intakes or other factors, smoke will not infiltrate into the facility.

6. A written explanation from the applicant describing how they will monitor the effectiveness of the reduced distance in keeping smoke from infiltrating into the facility, and what action they will take if smoke is determined to be entering the facility at a future time.

B. The application for reduction in the 25 foot requirement applies only to the area addressed in the application and not to the entire structure or any other area near or around the facility.

C. The Health Officer shall administratively make a determination on the application to rebut the presumptively reasonable distance. This decision may be appealed to the Kitsap Public Health Board in accordance with Section 9.B.

D. Any approval taken on the application submitted will need to endure a reasonable test of time and if future complaints are received against the facility because of secondhand smoke, further inspections may be warranted and possible modification or revocation of the approval may be required.

SECTION 9. APPEAL

A. Appeal of Public Health Action – Health Officer Administrative Hearing.

Any person aggrieved by the contents of a notice and order to correct violation issued under this regulation, or enforcement action conducted by the Kitsap Public Health District, may request a hearing before the Health Officer or his or her designee. Such notice of appeal shall be in writing through completion of an “Application for Administrative Meeting or Appeal Hearing” form and presented, with the appropriate hearing fee as established in the current Health District fee schedule, to the Health Officer within five (5) business days of service of the findings and actions from the administrative hearing. All requests shall contain a description of the action, decision or policy for which the hearing is requested, and the basis on which it is being contested. The appellant and the Health Officer may submit additional information to the Kitsap Public Health Board for review.

2. The notice and order to correct violation shall remain in effect during the appeal. Any person affected by the notice and order to correct violation may make a written request for a stay of the decision to the Health Officer within five (5) business days of the Health Officer’s decision. The Health Officer will grant or deny the request within five (5) business days.
