Thursday November 14, 9:00 a.m. – 12:00 p.m. Location TBD

Questions? Contact kchp@kitsappublichealth.org 360-728-2235

- EXISTING OR PLANNED INITIATIVES/ACTIVITIES:** Think about existing or planned initiatives/activities that your organization is already working on to address the priority being discussed at your table. What resources is your organization lending to current or planned activities? Consider both upstream efforts (e.g., addressing basic needs) and downstream efforts (e.g., direct patient care) and make a note to indicate if any of the initiatives/activities are focused on populations who are disproportionately impacted by this priority.
 - Write one answer per sticky note and place your sticky notes on the large post it on your table. After 10 minutes of adding stickies, your group will discuss.
- GAPS OR CONCERNS:** Think about gaps or concerns your organization has about the priority being discussed at your table. Consider whether there are both upstream (e.g., addressing basic needs) and downstream efforts (e.g., direct patient care) and whether there are populations who are disproportionately impacted by this priority that are not being considered. Also consider whether there is a person or sector missing from the conversation. Please share your notes on who's missing with your table guide.
 - Write one answer per sticky note and place your sticky notes on the large post it on your table. After 10 minutes of adding stickies, your group will discuss.
- FINALIZING PRIORITY LANGUAGE:**

2024-2028 KITSAP COMMUNITY HEALTH PRIORITIES*

HEALTHCARE

- Address gaps in **healthcare access**
- Implement strategies to recruit and retain **healthcare workforce**

MENTAL & BEHAVIORAL HEALTH

- Expand care options for **mental health** and **substance use disorders**

HOUSING & HOMELESSNESS

- Ensure **affordable and safe housing**
- Address and prevent **homelessness**

SUB-TOPIC “BUCKETS” (if time): Each priority is fairly broad in scope. Please take a moment to identify the sub-topic “buckets” within the priority being discussed at your table that your organization could commit to supporting over the next 5 years (e.g., healthcare workforce, permanent supportive housing, youth mental health). These specific areas will be used to craft SMARTIE[†] objectives in later priority group meetings.

[†] SMARTIE = **S**pecific, **M**easurable, **A**mbitious, **R**ealistic, **T**ime-Bound, **I**nclusive, **E**quitable
